15 INITIAL INCIDENT DESCRIPTION / NARRATIVE:

[On 06/05/2017, at about 1125 hours, I was working in full uniform driving a fully marked patrol car operating at 2U11. I was dispatched to the address 6818 62 Ave NE unit 4303 for what was initially dispatched as a physical domestic disturbance. The location is a large multi-unit apartment complex.

I arrived in the area and conducted an area check for the suspect. He reportedly had fled the location before the police arrived. While in the area searching, Officers Legg and Bauer requested immediate assistance at the unit. The complainant for the initial call, Charleena Lyles, had armed herself with a pair of extra long metal shears and was threatening the officers.

I responded immediately to the building and went to the apartment. The door was ajar and I went inside. The apartment was small and cluttered. I saw a female seated on a couch in the living room with a small child seated beside her. Officer Bauer was across the room in front of the female using a different couch as a physical barrier. Officer Legg was off to the female's right side nearby the kitchen. Both officers had their service pistols drawn to the low ready position and were within 8-10 feet of the armed female. Officer Legg was giving the female clear and concise commands to drop the scissors and put them on the floor. I was advised she had armed herself with a pair of long shears and was refusing to put them down. I learned later that at one point prior to my arrival the female had stood up with the scissors in her hand and told the officers, "Ain't none of y'all leaving here today!" Both Officers Bauer and Legg told me they felt fearful for their safety and believed the statement was threatening in nature.

Additional patrol units including Sgts. Borjeson and Barker responded to assist and oversee the call. The female complainant was later identified as Charleena Lyles. I attempted to engage Lyles in dialogue and compel her to drop the scissors. Officer Bauer at this time was still in the living room and unable to leave without getting dangerously close to Lyles. Lyles was making several unusual comments such as wanting to "morph into a wolf" and was talking about "cloning her daughter." She also made several unusual religious comments talking about how the police officers were devils and also members of the KKK. Lyles' 4-year old daughter was now sitting in her lap and crawling around her waist. After repeatedly asking Lyles to drop the scissors, she let the scissors fall to the floor between her feet.

Lyles was asked to step away from the scissors and she refused. Again, after several tense moments, I was able to convince Lyles to move over to the other couch and away from the scissors. Lyles' 4-year old had an apparent developmental disability, she was calming down, and she was separated from the scissors, so we continue to engage her in conversation. We were able to get some phone numbers for nearby family members and they eventually responded to the scene. After the family arrived, Lyles' daughter was handed over to her sister named Monika Williams, and we were able to take Lyles into custody without incident. She was placed into handcuffs which were double locked for her safety.

Lyles had a younger son at the Childhaven facility on Broadway in Seattle, and 2 other older children in elementary school. We made arrangements with her sister Monika Williams to also take her other children temporarily. The scissors were taken and submitted into evidence, and digital photos were also taken to photo-document the scene. After talking with Lyles' family, we learned that Lyles has experienced a recent sudden and rapid decline in her mental health. When we explained to her family the behavior and statements Lyles made to us, they were suprised and informed us she has not had any behavior similar to this in the past. Lyles' family is concerned for her and they have a strong desire to stabilize her mental health condition before it gets worse.

Lyles was transported to the North Precinct where she was placed into a holding cell awaiting booking at the King County Jail for Harassment, SMC 12A.06.040. It was determined that Lyles acted in such a manner where she intentionally caused alarm to Officers Bauer and Legg after she repeatedly used words and actions to create a substantial risk of assault. This case should be forward to mental health court.]

I hereby declare (certify) under penalty of perjury under the laws of the State of Washington that this report is true and correct to the best of my knowledge and belief (RCW 9A.72.085)

15 INITIAL INCIDENT DESCRIPTION / NARRATIVE:

[On 06/05/2017, at about 1125 hours, I was working in full uniform driving a fully marked patrol car operating at 2U11. I was dispatched to the address 6818

62 Ave NE unit 4303 for what was initially dispatched as a physical domestic disturbance. The location is a large multi-unit apartment complex.

I arrived in the area and conducted an area check for the suspect. He reportedly had fled the location before the police arrived. While in the area searching, Officers Legg and Bauer requested immediate assistance at the unit. The complainant for the initial call, Charleena Lyles, had armed herself with a pair of extra long metal shears and was threatening the officers.

I responded immediately to the building and went to the apartment. The door was

ajar and I went inside. The apartment was small and cluttered. I saw a female

seated on a couch in the living room with a small child seated beside her. Officer Bauer was across the room in front of the female using a different couch

as a physical barrier. Officer Legg was off to the female's right side nearby the kitchen. Both officers had their service pistols drawn to the low ready position and were within 8-10 feet of the armed female. Officer Legg was giving

the female clear and concise commands to drop the scissors and put them on the

floor. I was advised she had armed herself with a pair of long shears and was refusing to put them down. I learned later that at one point prior to my arrival the female had stood up with the scissors in her hand and told the officers, "Ain't none of y'all leaving here today!" Both Officers Bauer and Legg told me they felt fearful for their safety and believed the statement was threatening in nature.

Additional patrol units including Sgts. Borjeson and Barker responded to assist and oversee the call. The female complainant was later identified as Charleena Lyles. I attempted to engage Lyles in dialogue and compel her to drop the scissors. Officer Bauer at this time was still in the living room and unable to

leave without getting dangerously close to Lyles. Lyles was making several unusual comments such as wanting to "morph into a wolf" and was talking about "cloning her daughter." She also made several unusual religious comments talking about how the police officers were devils and also members of the KKK.

Lyles' 4-year old daughter was now sitting in her lap and crawling around her waist. After repeatedly asking Lyles to drop the scissors, she let the scissors fall to the floor between her feet.

Lyles was asked to step away from the scissors and she refused. Again, after several tense moments, I was able to convince Lyles to move over to the other couch and away from the scissors. Lyles' 4-year old had an apparent developmental disability, she was calming down, and she was separated from the scissors, so we continue to engage her in conversation. We were able to get some phone numbers for nearby family members and they eventually responded to the scene. After the family arrived, Lyles' daughter was handed over to her sister named Monika Williams, and we were able to take Lyles into custody without incident. She was placed into handcuffs which were double locked for her safety.

Lyles had a younger son at the Childhaven facility on Broadway in Seattle, and 2 other older children in elementary school. We made arrangements with her sister Monika Williams to also take her other children temporarily. The scissors were taken and submitted into evidence, and digital photos were also taken to photo-document the scene. After talking with Lyles' family, we learned that Lyles has experienced a recent sudden and rapid decline in her mental health. When we explained to her family the behavior and statements Lyles made to us, they were suprised and informed us she has not had any behavior similar to this in the past. Lyles' family is concerned for her and they have a strong desire to stabilize her mental health condition before it gets worse.

Lyles was transported to the North Precinct where she was placed into a holding cell awaiting booking at the King County Jail for Harassment, SMC 12A.06.040. It was determined that Lyles acted in such a manner where she intentionally caused alarm to Officers Bauer and Legg after she repeatedly used words and actions to create a substantial risk of assault. This case should be forward to mental health court.]

Subject VICTIM STATEMENT

Related Date/Time JUN-05-2017 (MON.) 1555

On June 5, 2017 at about 1125 hours I was working uniformed patrol as a two officer unit within the city of Seattle. I was assigned as unit 2-Union-3. We were dispatched to 6818 62 AV NE for a DV assault call.

The remarks on the call stated: "COMPL BABY'S FATHER CAME INTO HER APARTMENT AND SLAPPED HER,ATTEMPTED TO TAKE PHONE,MEDICS DECLINED,NO WPNS."

I was dispatched as a two officer unit to a domestic violence assault at the arrested person's, Lyles, Charleena C, apartment. We arrived at the apartment building and were buzzed into the building by Lyles and were then invited into her home to investigate the assault. Officer Bauer (#8340) was interviewing Lyles and I checked the apartment, with Lyles' permission, to ensure that the suspect was no longer at the residence. I returned to the living room area where Officer Bauer was still interviewing Lyles, who was sitting on the sofa in her living room. As the cover officer I continued to monitor Lyles and watch the entrance to the apartment to ensure that nobody came into the residence. I looked back at Lyles and noticed a large pair of scissors, approximately 12-inches in length, in her hands that were not there the last time I was looking at her. Lyles was holding the scissors horizontally between her two hands and was rotating the scissors back and forth. I asked Lyles politely if she would put the scissors down while we continued to talk to her and she told me no, that she would not put them down. I asked her again to put the scissors down while we were there talking to her and she again refused. Officer Bauer attempted to talk to her and have her put them down and she continued to refuse. Lyles then stood up slowly, moving the scissors into her right hand, holding them by the handle just below the pin with the blades out. She looked over at me with intensity in her eyes as she stood up and stated: "neither one of you are leaving here." Lyles had a determined and angry look on her face as she positioned herself between Officer Bauer and myself. Based on Lyles statement and demeanor, I believed that she had every intention of causing bodily harm to both Officer Bauer and myself.

Officer Bauer called for a fastback over the radio as we continued to talk to Lyles. Lyles stood in the middle of her living room for several minutes with the scissors in her right hand, holding them down by her right side. Lyles yelled at us, "are you going to shoot me in front of my daughter." Both Officer Bauer and I informed her that we wanted to help her, not shoot

her. We continued to talk to her until she finally sat down on the couch next to her daughter. Lyles repeated that she wanted us to free her "people" from jail. She made several references to us being in the KKK and to us having the ability to clone people. During the conversation she told her daughter that they, she and her daughter, were going to turn into wolves.

As other officers arrived on-scene, I explained the situation and began to set up to take Lyles into custody. Officer Bauer continued to talk with Lyles and was able to get her to put the scissors on the ground in front of her. After Lyles dropped the scissors I backed out of the room to speak with SGT Borjeson. We arranged to have Lyles sister come pick-up Lyles' daughter that was with her in the apartment. Once the family arrived to take the daughter, Lyles was taken to into custody without further incident.

scissors horizontally between her two hands and was rotating the scissors back and forth. I asked Lyles politely if she would put the scissors down while we continued to talk to her and she told me no, that she would not put them down. I asked her again to put the scissors down while we were there talking to her and she again refused. Officer Bauer attempted to talk to her and have her put them down and she continued to refuse. Lyles then stood up slowly, moving the scissors into her right hand, holding them by the handle just below the pin with the blades out. She looked over at me with intensity in her eyes as she stood up and stated: "neither one of you are leaving here." Lyles had a determined and angry look on her face as she positioned herself between Officer Bauer and myself. Based on Lyles statement and demeanor, I believed that she had every intention of causing bodily harm to both Officer Bauer and myself.

Officer Bauer called for a fastback over the radio as we continued to talk to Lyles. Lyles stood in the middle of her living room for several minutes with the scissors in her right hand, holding them down by her right side. Lyles yelled at us, "are you going to shoot me in front of my daughter." Both Officer Bauer and I informed her that we wanted to help her, not shoot her. We continued to talk to her until she finally sat down on the couch next to her daughter. Lyles repeated that she wanted us to free her "people" from jail. She made several references to us being in the KKK and to us having the ability to clone people. During the conversation she told her daughter that they, she and her daughter, were going to turn into wolves.

As other officers arrived on-scene, I explained the situation and began to set up to take Lyles into custody. Officer Bauer continued to talk with Lyles and was able to get her to put the scissors on the ground in front of her. After Lyles dropped the scissors I backed out of the room to speak with SGT Borjeson. We arranged to have Lyles sister come pick-up Lyles' daughter that was with her in the apartment. Once the family arrived to take the daughter, Lyles was taken to into custody without further incident.

On 06/05/2017 at approximately 1129 I was working in a two officer car, fully uniformed patrol, and in a fully marked patrol vehicle as 2L3. I was dispatched to investigate a Domestic Violence Assault at 6818 62 Av Ne, Apt 4303. I arrived and was buzzed into the building by Lyles, Charleena C, DOB 04/24/1987. Charleena invited us into her apartment to conduct the investigation.

While she was answering my questions regarding the assault that she was reporting happened today, she produced a pair of 12 inch scissors from the couch. When she was asked to put the scissors down, she refused. While I continued asking her to drop the scissors, I moved from where I was standing, in front of Charleena, to behind a nearby couch approximately 10-15 feet away from her. I moved the couch away from the wall so that I could stand behind it. Charleena positioned herself between myself and my backup officer and told us that we (Officers) "would not be leaving today". She was tightly gripping the scissors in her right hand with the bladed part sticking outward, away from her body.

Charleena's daughter was playing on the couch that she was initially sitting on. I repeatedly told Charleena to drop the scissors and she kept asking me if I would really shoot a mother in front of her daughter. Charleena eventually sat back down on the couch with the pair of scissors still in her hands, but dropped the scissors when he daughter began to climb onto her lap. I pushed the couch forward further so that the rug on the floor would move and cover the scissors, hoping to prevent further quick access to them.

While attempting to deescalate Charleena, she explained that she was keeping us in her apartment and brandishing the scissors because she wanted to free her people. She told me that she could see the "snake" in my eyes and my partner's eyes. She explained that we were members of the Ku Klux Klan and that she was one of God's children. She told us that if we continued to upset her that she would morph into "the wolf". She also specified that she wants her husband, Tupac, out of jail. We both told her that threatening officers with a pair of scissors and keeping me trapped in her apartment was not the way to go about that.

After other officers arrived on scene, Charleena gradually became more calm. She made it very clear that she was comfortable speaking with Officer Lim, #8512, and stated several times that he is one of "God's Children". She at one pointed stated that she should have just stabbed me when she had the chance, but then said that she could tell I had a good heart, and that it's unfortunate they "always send the good ones." While waiting for Charleena's family members to arrive and take custody of Charleena's daughter, A/LT Barker had entered the apartment and offered to get a cup of water for her daughter. Charleena then looked at me and said that she wished he had responded because she really wanted to "slice him up".

Once Charleena's sisters arrived, she calmed down and was taken into custody. I completed this Victim Statement and the Superform so that she could be booked into KCJ. I also submitted the scissors that were brandished by Charleena into evidence. Officer Lim, #8512, became the primary investigating officer on this incident.

Apartment #4303 is located on the third floor, on the south side of the building. The apartment was cluttered and unkempt. Dirty dishes and old food were lying in the kitchen. The walls had numerous scrapes and holes.

The processing of the scene began and ended in the hours of full daylight. Apartment #4303 and the adjacent building hallway were adequately lit and no additional lighting was needed to process the scene.

The weather outside was overcast, but dry, with temperatures in the low to upper 60's. Humidity was 75-100%* during processing of the scene. The temperature inside the building and apartment however was quite warm, causing me to sweat without any exertion.

When I arrived, numerous SPD vehicles and personnel (including command staff) were outside the apartment building. Yellow crime scene tape barricaded the building from the general public. Residents of the building, however, had not been evacuated. The east and west interior stairways leading to the third floor were guarded by uniformed officers. Officer Sexton #7430 maintained the crime scene log at the third floor west stairwell.

B INITIAL INFORMATION:

On 06/18/2017, around 1035 hours, CSI Sgt. Grinstead received a call from FIT Lt. Hirjak requesting a CSI response to 6818 62 Avenue NE #4303 for a fatal officer involved shooting (OIS) incident.

I was already at the CSI processing facility when Sgt. Grinstead called me. Since I was to be the primary CSI Detective on this incident, I left the facility around 1055 hours, without waiting for CSI Detectives Haakenstad and Turner. I arrived at the scene around 1125 hours. Sgt. Grinstead was already on-scene. CSI Detectives Haakenstad and Turner arrived a short time later.

On-scene Homicide Detective Mooney #5826 provided me with the following information:

Two officers had been dispatched to a burglary call. There was hazard information on the complainant and/or apartment. Both officers had entered the apartment. The subject had at least one knife. Both officers had fired their pistols. Both SFD and SWAT personnel had been in the apartment. Three children had been taken out of the apartment. A fourth child was not at the apartment during the incident. The officers involved were Jason Anderson and Steven McNew.

FIT Det. Dewey #7426 is the primary case detective for this OIS. I was assigned as the primary CSI Detective.

C SCENE NARRATIVE:

Photography:

I photographed the scene and evidence using a Department issued *Nikon D800* digital camera.

On Sunday 06/18/2017 at 1850 hours, I uploaded 226 scene photos to the SPD's *Digital Evidence Management System* (DEMS) under Image Folder #115285. (Note: The case number listed on the first photograph, the ID slide, was 17-219337. This was the case number I saw listed on the MDT for the OIS. However, I uploaded the photos to case #17-219301 when I found that it was the case number that FIT was using.)

On Monday 06/19/2017 at 1822 hours, I uploaded 57 evidence photos to DEMS Image Folder #115384.

On Wednesday 06/21/2017 at 1559 hours, I uploaded 75 clothing photos to DEMS Image Folder #115538.

At the scene, CSI Det. Turner used an *NCTech Iris360* camera to take seven spherical panorama images of the scene. He photographed both the apartment and the adjacent hallway.

Using *NCTech Immersive Studio* software, Det. Turner processed the raw data files for the *NCTech Iris360* spherical panorama images to viewable .jpg file extensions. The .jpg panorama image files were uploaded to the DEMS system under Image Folder #115346.

Spherical panoramic images require special viewing software to view properly. The processed images (.jpg file extensions) may be viewed using any spherical panorama software. A freeware version is available for download at <http://www.fsoft.it/FSPViewer/download/>.

Sketching:

Detective Haakenstad, with the assistance of Sgt. Grinstead and Det. Turner, measured the scene using a *Hilti PD38* laser measuring device. Det. Haakenstad later produced a scaled drawing of the scene using *CrimeZone* drafting software. (See diagrams on pages 4, 6 and 10.)

Hallways:

Apartment #4303 was accessed by a hallway running east/west. About 6 feet east of the apartment door, another hallway ran north. The body lay where these hallways intersected. The deceased's t-shirt and jacket appeared to have been cut off for medical intervention and were lying near the body at Placard 8. (See pages 14-16 and Property Report #733929 for clothing description.)

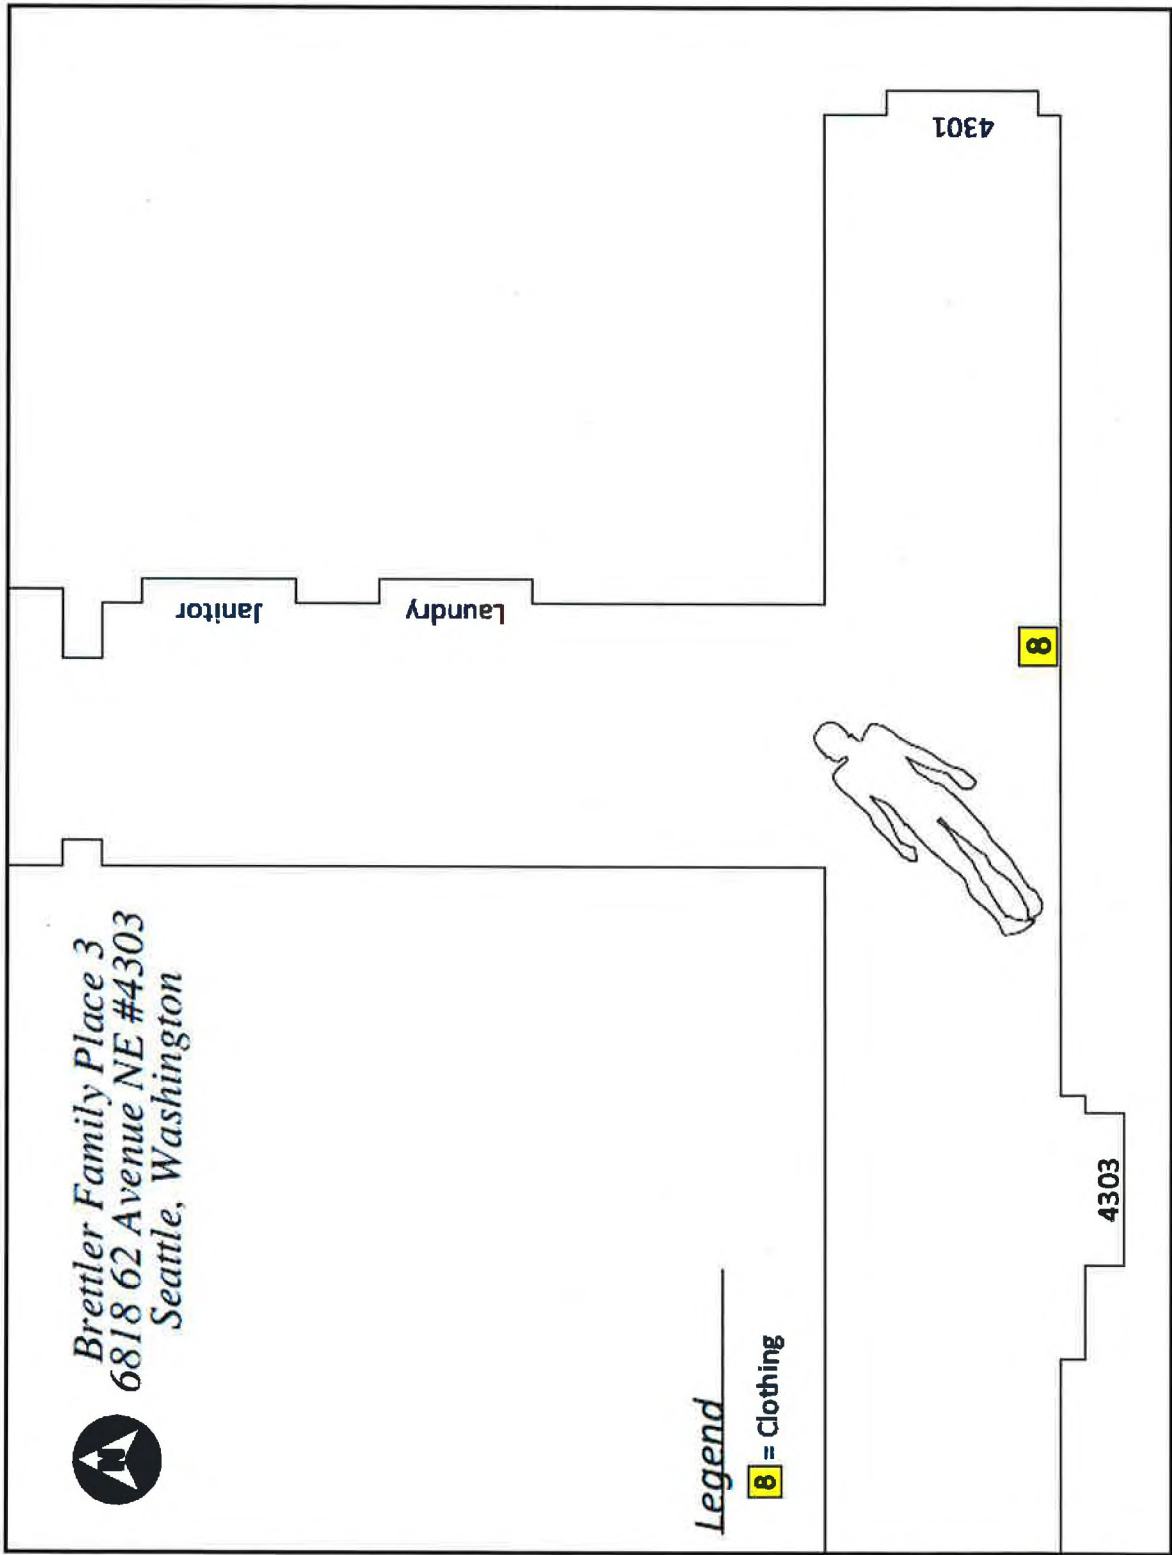

Body:

The deceased was lying face up, strapped to a backboard and covered with a yellow blanket. Medical debris was littered around the body. (All medical debris was later removed from the scene and disposed of per hazardous materials protocol.)

The deceased was identified as Charleena C. Lyles DOB:04/24/1987. Lyles was intubated, had attached defibrillator pads and other evidence of medical intervention. The deceased was wearing only black underwear and socks.

At approximately 1305 hours, King County Medical Examiner Dr. Brian Mazrim and Death Investigators Christin Tengelin and Nick Fletcher arrived. Dr. Mazrim conducted a preliminary examination of the deceased.

The deceased was placed in a body bag and secured with KCME tag #0024282. The King County Medical Examiner's case number for this death is 17-01206. KCME personnel transported the deceased to their facility for later autopsy.

Evidence from Apartment #4303: (See Property Report #733421 on pages 17-19)
Apartment #4303 was on the south side of the east/west hallway, just west of the north/south hallway.

I found the door to the apartment propped open by a red and black crumpled rug. On the rug, at Placard 1, was a fired cartridge case (FCC) (**Evidence Item #733421-1**). The headstamp was "SPEER 9mm LUGER+P."

Note: All seven FCCs recovered from the scene displayed headstamp "SPEER 9mm LUGER+P" and were consistent in appearance with Department issued duty ammunition. All seven of the FCCs were recovered from either the entrance area or the kitchen.

Behind the front door, at Placard 2, was a knife with a four-inch blade (**Evidence Item #733421-2**).

A large, trash-filled cardboard box, with its bottom falling out, was next to the entrance door. Three FCCs (**Evidence Items #733421-10, 11 and 12**) were recovered from the box.

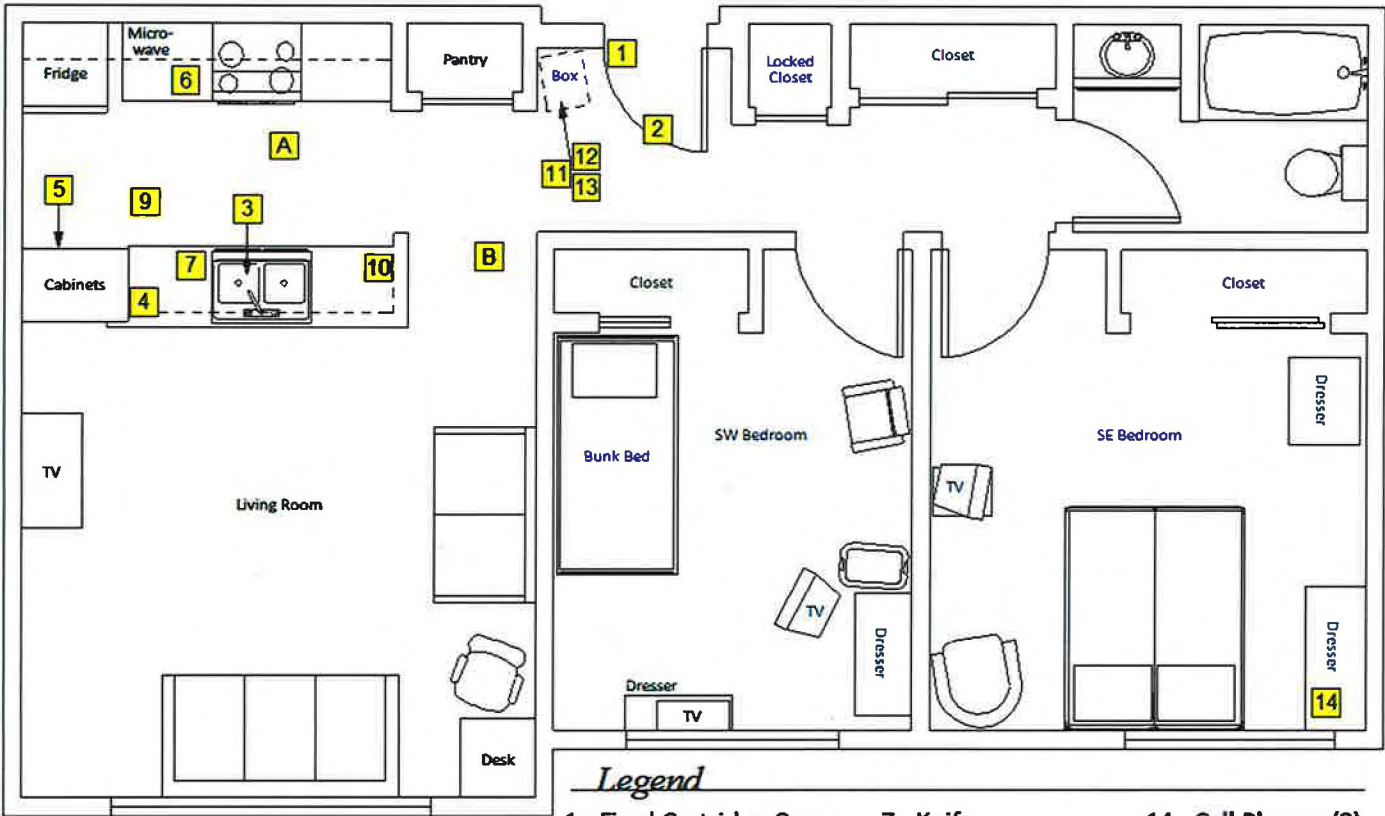

View from inside apartment towards front door.

I recovered six knives from the kitchen. Two of the knives were recovered from the south kitchen counter at Placards 7 and 10. Knife on kitchen floor

Three knives on north kitchen counter at Placard 6

On the north kitchen counter, between the microwave and stove, at Placard 6, I recovered the remaining three kitchen knives (**Evidence Item #733421-6**).

As described on page 5, four fired cartridge cases (FCCs) were recovered from the front door entrance area. I recovered the remaining three FCCs in the kitchen. In the right/west side of the kitchen sink, at Placard 3, was a FCC (**Evidence Item #733421-3**). On the south kitchen counter, in the southwest corner at Placard 4 was another FCC (**Evidence Item #733421-4**). On the southwest corner of the kitchen floor, at Placard 5, was another FCC (**Evidence Item #733421-5**).

The remainder of the apartment was searched for any additional evidence. In the southeast bedroom three cellphones (**Evidence Item #733421-13**) were recovered. The cellphones were on top of a dresser in the southeast corner of the room at Placard 14. A white *Samsung*, in a black and gray *Everclear* protector, was found and packaged in the "on" mode. The other two cellphones were either off or had dead batteries.

Ballistic Evidence in Apartment #4303:

The apartment was examined for possible bullet defects. I identified four defects that appeared to have been made by bullets. Defects 1-4 were roughly located where the entrance area, kitchen and living room intersected. (See diagram on page 10.)

Defect 5 (D5) was on the east edge of the southeast bedroom door frame. It was photographed. Upon closer inspection, D5 did not visually appear to be a bullet defect.

Det. Turner tested each of these defects using a *BTK Bullet Testing Kit* from *Jant Pharmacal Corporation*. The defects were first tested for copper and then for lead residue. The kit uses a chemical method to detect if the margins of a suspected bullet hole have copper or lead residue. (Lead and copper are the main components of bullet cores and jackets.)

Defects 1, 4 and 5 showed no reaction for the presence of copper or lead. Defect 2 had a positive reaction for the presence of copper residue. Defect 3 had positive reactions for the presence of both copper and

From Defects 1 - 4, four jacketed hollow-point fired bullets were retrieved. At Defects 1 and 4, the bullets perforated the drywall and were recovered inside the wall, on the bottom plate. At Defect 2 the bullet penetrated the end of a half wall and was imbedded in the drywall. At Defect 3, the bullet was imbedded in the wood floor. No fired bullet was located in or near Defect 5.

I took close-up photographs and examined each defect. Based on the appearance of the defects, I determined that the bullets terminating at Defects 1 and 4 were traveling roughly from west to east (from the kitchen). The bullets terminating at Defects 2 and 3 were traveling roughly from the northeast to the southwest (from the front door/entrance way).

The bullets terminating at Defects 1-4 did not pass through fixed, intermediate surfaces. Therefore, it was not possible to determine bullet trajectory by measuring a line between two fixed points.*

Defect 3 was in the wood floor, just east of the half-wall. Defect 3 had a visible elliptical shape at its entry point.

Defect 3 (Grid North is up, toward top of page)

Directionality can be estimated by determining the long axis of the elliptical shape of the defect. For Defect 3, I determined that the round struck the wood floor at a grid azimuth angle of approximately 38° +/- 5° *. This is the estimated direction from which the bullet struck the floor, which is roughly from the direction of the entrance way.

NW corner of apartment with bullet path trajectory from Lyles to Defect 3 indicated by solid blue line. Dashed lines indicate +/- 5°. (For illustrative purposes only)

The incident angle* of the bullet striking the floor is determined by measuring the length and width of the elliptical defect. The arcsine of the ratio of the width divided by the length provides an estimated incident angle. Based on my measurements, I estimate the incident angle to be approximately 36° +/- 5° up from the floor.

According to the KCME Autopsy Report, Lyles was shot seven times. Three bullets remained in her body and four exited her body. Therefore, the four bullets recovered from the scene had all struck Lyles, including the bullet that created Defect 3. Bullets may deviate as they pass through tissue, organs and other bodily structures. Therefore, the directionality and incident angle based on the Defect 3 ellipse are from Lyles to Defect 3, not from Officer Anderson's duty weapon to Defect 3.

Bullet Defects 1, 2 and 4, had irregular shapes that did not have measurable ellipses and did not lend themselves to estimating trajectory by this method.

Perspective Photography:

Around 1420 hours, FIT Det. Dewey #7426 and involved Officer McNew #7451 re-entered the apartment. Placard "A" was placed where Officer McNew believed he was standing when he fired his duty weapon. Placard "B" was placed where Officer McNew believed the deceased was standing when he fired his duty weapon. Involved Officer Anderson #8329 did not return to the apartment.

I used a *Nikkor* fixed focal length 50mm lens to take perspective photography. This lens more closely approximates what the human eye is capable of seeing under ideal conditions. Photographs were taken from "A" towards "B" and from "B" towards "A".

Clothing:

In the hallway near the deceased, was a pile of bloodstained clothing, marked with Placard 8. (See diagram on page 4.) The clothing was collected and later hung in CSI's secure forensic drying cabinet.

On Wednesday 06/21/17 I removed the clothing from the drying cabinet. With CSI Det. Abed's #6270 assistance, I examined and photographed the clothing. There were only two pieces of clothing and both appeared to have been cut during medical intervention. *

The first piece of clothing was a purple short-sleeved shirt (**Evidence Item #733929-1**). Two possible bullet defects were located on the front, one on the right side and two on the back.*

Deceased's tee-shirt. Green arrows point to possible bullet defects.

* Note: The cuts made to the clothing for medical intervention may have obscured existing bullet defects.

Back of down jacket. Green arrows point to possible bullet defects.

The other piece of clothing was a heavy, ¾ length, hooded, down parka (**Evidence Item #733929-2**). This heavy jacket was incongruent with the warm temperature and humidity in the apartment. Four possible bullet defects were located on the front, one on the anterior side of the right arm and four on the back. It is possible that the two apparent bullet defects to the right breast pocket were caused by only one bullet when the jacket material was folded over onto itself.

Several items were recovered from the pockets of the down jacket. In the left breast pocket was a perforated Washington ID card issued to Lyles and a cracked *Seattle Public Library* card (**Evidence Item #733929-5**). Given the probable bullet defect to the left breast pocket, the cards may have been damaged by a bullet. \$1.10 in change was also recovered from the pocket (**Evidence Item #733929-8**).

In the lower left jacket pocket was a black handled knife with a 4-1/2 inch blade (**Evidence Item #733929-3**). Also in this pocket was \$17.25 (**Evidence Item #733929-8**), a *Washington Quest* card, a *King County Metro* transfer ticket, a keychain sized *Seattle Public Library* card, earbuds and a used tissue (**Evidence Item #733929-4**).

The right lower pocket had a tear at the bottom of it. Below this pocket in the lining hem, was a pink *BIC* lighter (**Evidence Item #733929-7**) and a knife sheath (**Evidence Item #733929-6**). The knife sheath appeared to belong to the knife (**Evidence Item #733421-2**) that was recovered near the front door at Placard 2. The knife handle and the sheath appeared to be made of the same brown plastic material. Also the length and shape of the sheath and knife blade were compatible.

Neither the medical examiner, nor CSI recovered any pants, shorts or skirt worn by the deceased. It appears that the deceased was not wearing any lower body garment other than her underwear during the incident. Her ¾ length heavy down jacket may have concealed this lack of clothing.

Shot Accounting:

Seven FCCs were recovered from the scene. All were recovered from either the entrance area or the kitchen. All displayed headstamp "SPEER 9mm LUGER+P" and were consistent in appearance with Department issued duty ammunition.

Four fired, jacketed, hollow-point bullets were recovered at the scene. Later, three fired jacketed, hollow-point bullets were recovered from the body during autopsy. These seven fired bullets matched in number to the seven FCCs recovered from the scene.

Property Report #733421:

The following items of evidence were recovered from the scene under my direction on Sunday 06/18/2017. They were stored overnight in secured CSI cage #1. On Monday 06/18/2017, I photographed, packaged and sealed the items. I then submitted them to the SPD Evidence Unit under Property Report #733421.

Note: There were several general offense (GO) case numbers associated with the burglary/OIS. Since I did not know which GO number FIT was using, the scene evidence was originally submitted under an associated case number. This was changed on 06/22/2017 to reflect the GO case number that FIT was using.

D INVOLVED PERSONS:

As described on page 12, FIT Det. Dewey and Officer McNew responded to the scene while I was processing the apartment. I was present when Officer McNew told Det. Dewey where he believed he and the subject were, when he fired his pistol.

I did not knowingly have contact with any other witnesses to the incident.

E MISCELLANEOUS:

Wednesday 06/21/2017: Sgt. Grinstead and I met with FIT Lt. Hirjak, Sgt. Davisson and Det. Dewey at the FIT office. Lt. Hirjak said that a round count showed that either seven or eight rounds were fired by the two officers combined. Sgt. Davisson believed that three fired bullets were removed from the body during autopsy. Det. Dewey said that he would forward a copy of the autopsy report to me.

Monday 07/17/2017: I checked evidence items 733421-2 (knife at Placard 2) and 733929-6 (knife sheath) out of the SPD evidence storage. I examined and compared both items in the SPD evidence room. I laid the items side by side and measured them separately. Based on color, texture, size and shape I concluded that the sheath and the knife appeared to belong together as one unit. (I did not place the knife in the sheath.) I then repackaged, sealed and submitted both items back into storage under their original property item numbers.

Tuesday 07/18/2017: I spoke with KCME Dr. Mazrim. Dr. Mazrim had performed the autopsy on the deceased. He confirmed that KCME personnel had not recovered any pants, shorts or skirt for the deceased. Dr. Mazrim informed me that he had recovered three fired, jacketed, hollow-point bullets from the body. He said that the deceased appeared to have been shot seven times.

On 06/18/2017 at 0926 hours I was working as SPD 1-Lincoln-3 when I was dispatched by the second officer on a burglary report due to an officer safety caution listed for the complainant. I was cleared shortly that by a unit closer to the call. Then at 0950 hours I responded to a help the officer call dispatched over North air at the location of the original call. The location of the incident was 6818 62 Ave NE apt 4303 and the information relayed was that shots were fired and a suspect was down. I arrived on scene at 0957 crossed paths with officers carrying the juveniles out of the apartment. When I got upstairs Officer Anderson was standing in the doorway to apartment 4303 and myself and Officer Schickler went in to clear the apartment, which was found to be empty at that point. We then checked the suspect for a pulse and rolled her over to check for wounds. I was unable to find a pulse and we placed bandages over the wounds and began CPR. Chest compressions were continued throughout while we plugged all the bullet wounds we could find and I attempted to provide rescue breaths using the SPD issued face mask but was unable to get compliance. I attempted opening her airway and again was unable to get air in.

Schickler continued chest compressions until SFD arrived and we moved the suspect into the hall to give SFD room to work on her. SFD took over compressions and continued while they attempted to intubate. The suspect was pronounced deceased shortly after that at 1018 hours and I provided scene security and spoke briefly with the resident inside the apartment at the east end of the hall. He was identified as Cadena Chavez, Jorge Israel DOB 03/16/1980 and he had his two children inside with him, Angel, and Virginia. They were escorted past the deceased and allowed downstairs due to Cadena Chavez's mental state who did not wish to be inside the apartment any longer.

I then stood scene security on the north stairwell until I was relieved by Officer Roberson.
