STIPULATION OF THE PARTIES AS TO UNDISPUTED FACTS

**INQUEST INTO THE DEATH OF JASON SEEVERS
INQUEST # 18IQ61954**

The parties have agreed that certain facts are true. You must accept as true the following facts:

Firefighters - Seattle Fire Department firefighters arrived at the scene and found Seattle Police Department officers rendering life-saving efforts to Mr. Seavers. Mr. Seavers was prone when firefighters arrived with officers trying to stop bleeding from Mr. Seavers' back by packing his wounds with gauze. When the firefighters moved Mr. Seavers to the backboard they saw that the police officers had previously applied gauze to Mr. Seaver's wounds on the front of his body in an attempt to stop his bleeding. The firefighters found that Mr. Seavers did not have a pulse, had no heart activity, was not breathing and did not respond to any stimuli. Seattle firefighters undertook medical aid and efforts to determine his condition with continued assistance from the police officers. Firefighters then consulted with a Harborview Medical Center trauma doctor, after which all medical aid stopped. Mr. Seavers was declared dead at the scene."
